and Resold Interexchange Service

TO PROVIDE RESOLD LOCAL  
EXCHANGE SERVICE AND RESOLD  
INTEREXCHANGE SERVICE AND  
APPROVING SCHEDULE OF RATES  
AND TERMS AND CONDITIONS

---

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

---

In this Order, the Commission grants 1COM, Inc. (1COM or Company) the authority to provide competitive local exchange service as a reseller in the State of Maine, and intrastate interexchange service as a reseller throughout the State of Maine, and approves the Company's Terms and Conditions and Rate Schedules. We also exempt 1COM from the requirements of Chapter 210, *Uniform System of Accounts*, and of 35-A M.R.S.A. §§ 707 and 708, subject to the conditions described below.

**I. APPROVAL OF APPLICATION TO SERVE**

On March 28, 2001, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, 1COM filed a petition with the Commission requesting authority to provide local exchange telephone service as a reseller and interexchange service as a reseller in Maine. Before we grant approval under section 2102 for another public utility to provide service, 35-A M.R.S.A. § 2105 requires us to find that the public convenience and necessity require another utility to provide service in a location where utility is already authorized to provide, or is providing, the same or similar service.

47 U.S.C. § 253(a), enacted by the Telecommunications Act of 1996, states:

(a) In General. No State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunication service.

47 U.S.C. § 253(b) states, however:

(b) State Regulatory Authority. Nothing in this section shall affect the ability of a State to impose, on a competitively neutral basis and consistent with section 254, requirements

necessary to preserve and advance universal service, protect the public safety and welfare, ensure the continued quality of telecommunications services, and safeguard the rights of consumers.

We find that granting 1COM the authority to provide local exchange and interexchange services in Maine will not impede the preservation or advancement of the public interest goals or policies stated in section 253(b).

1COM's application provides reasonable information indicating that its financial and management capabilities are adequate to provide local and interexchange services in Maine.

## **II. SERVICE TERRITORY**

### **A. Interexchange Service Authority**

1COM has requested authority to provide interexchange service as a reseller throughout the state. We grant that authority.

### **B. Local Service Authority**

1COM has requested authority to provide local exchange service throughout the state. It states that it will offer service only as a reseller of local exchange service provided by other authorized local exchange carriers (LECs) in that area. We define local resale as the offering of local exchange service purchased from another competitive local exchange carrier (CLEC) pursuant to 47 U.S.C. § 251(b)(1) or from an incumbent local exchange carrier (ILEC) at a wholesale discount pursuant to 47 U.S.C. § 251(c)(4). The purchase of unbundled network elements from an ILEC and their use in providing local exchange service is facilities-based service and is not resale. 1COM's authority to provide local exchange service is limited to resale unless it obtains further authorization from the Commission.

If 1COM wishes to expand the scope of its authority in the future to provide facilities-based switched local exchange services, it shall seek approval pursuant to 35-A M.R.S.A. § 2102, requesting the Commission to amend this Order. Any such request must specify the specific exchanges where it proposes to offer service and include information establishing a readiness to provide facilities-based local exchange service within six months in the specifically identified areas.

### **III. APPROVAL OF TERMS AND CONDITIONS AND RATE SCHEDULES**

We allow the terms and conditions proposed by 1COM to go into effect. 1COM has used the Commission's standard terms and conditions that comply with Maine law and the Commission's Rules. We have reviewed the Company's petition, Terms and Conditions, and Rate Schedules, and they appear to comply with Maine law and the Commission's Rules. Nevertheless, if there is any conflict between a provision in 1COM's terms and conditions and the Commission's Rules or a statute, the rule or statute will control. Included in the Terms and Conditions is a provision stating that in the event of such a conflict, the statute or the Commission's Rule will control.

In general, the Commission believes that a competitive telecommunications market results in services and rates that benefit the public. We believe that the acceptability of 1COM's services and rates in the market place provides an adequate test of the reasonableness of the Company's rates. Accordingly, we allow the rates proposed by 1COM to go into effect.

### **IV. INTERCONNECTION AGREEMENT(S)**

In order to provide local exchange service, a CLEC must, as a practical matter, obtain an interconnection agreement with the ILEC(s) providing service in any area where it intends to provide service. In the absence of such an agreement, it will not be possible for 1COM's customers to call customers of the ILEC(s), and vice versa. Interconnection agreements are governed by 47 U.S.C. § 252, and must be approved by this Commission.

If a CLEC makes a bona fide request for an interconnection agreement with an ILEC that is a "rural telephone company" as defined in 47 U.S.C. § 153 (37), the "rural exemption" of 47 U.S.C. § 251 (f) will apply. All of Maine's independent incumbent local exchange carriers are "rural telephone companies." A rural telephone company is not required to negotiate an interconnection agreement or provide interconnection until after the Commission, pursuant to 47 U.S.C. § 251(f)(1)(B), finds that the requirement "is not unduly economically burdensome, is technically feasible, and is consistent with [the universal service provisions of] section 254 . . ."

If 1COM executes an interconnect agreement(s) with ILECs(s) it shall obtain approval of that agreement by this Commission.

## **V. PAYMENT OF ACCESS CHARGES**

Our approval of 1COM's application to provide interexchange service in Maine is conditioned on the payment of access charges to local exchange carriers (LECs) who have on file with the Commission approved access charge rate schedules.

1COM states that at present it will be offering service as a switchless reseller.<sup>1</sup> If 1COM provides facilities-based interexchange service, it must pay access charges directly to local exchange carriers. Switchless resellers do not pay access charges to local exchange carriers. Instead, access charges are paid by an underlying facilities-based interexchange carrier. As a condition of granting authority to a switchless reseller to provide intrastate service in Maine, its underlying facilities-based carrier must also have authority to provide intrastate service in Maine. 1COM has stated that Global Crossing will be the underlying carrier from which it purchases interexchange services that it resells. Global Crossing is authorized by the Commission to provide intrastate interexchange service and does pay access charges for the intrastate interexchange services it sells to switchless resellers providing interexchange service in Maine. If 1COM begins to use another authorized underlying carrier, it shall notify the Commission as required by the ordering paragraphs. If 1COM begins to provide facilities-based interexchange service, it shall notify the Commission and all LECs from which it obtains access, as required by the ordering paragraphs.

## **VI. WAIVERS; REPORTING REQUIREMENTS**

As a condition of providing local exchange service, 1COM must comply with the terms of any applicable Commission orders or rules that may govern local interconnection and compensation for interconnection. 1COM shall also comply with any applicable Commission Rules or orders that govern universal service, public safety and welfare, service quality and consumer rights.

The Commission grants 1COM a waiver from the requirements of Chapter 210 of the Commission's Rules, which governs telephone utility accounting, and from 35-A M.R.S.A. §§ 707 and 708, which govern reorganizations and affiliated interests. Because

<sup>1</sup>We define switchless resellers as entities which do not own, lease, or control any switching facilities, or private lines, that it will use to provide telecommunication services in Maine. A reseller who owns a switch in another state, and plans to use that switch to switch or carry Maine traffic, is a switched reseller. A reseller who does not own facilities in Maine or any other state, or who owns facilities in another state but does not plan to use that switch to carry Maine traffic, is a switchless reseller.

1COM's rates and operations are likely to be subject to market forces, we do not see any present need to subject the Company to those requirements. However,

1COM must report its annual intrastate gross operating revenues and its annual intrastate minutes for use for the purpose of determining its regulatory assessment.<sup>2</sup> If 1COM resells service to other switched or switchless telephone service providers, the Company must maintain its records so that it may separately identify those sales.

In addition, 1COM shall inform the Commission of any changes to its corporate structure and ownership and of any changes in the name under which it does business, as set forth in Ordering Paragraph No. 3. If necessary, it shall also refile its rate schedules and terms and conditions to reflect its new identity

## **VII. OTHER REQUIREMENTS**

1COM shall comply with all applicable rules of the Commission and statutes of the State of Maine, including the customer notification rule described in the ordering paragraphs below.

## **VIII. ORDERING PARAGRAPHS**

Accordingly, we

1. Grant, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, the request of 1COM to provide competitive local exchange telephone service as a reseller and interexchange service as a reseller in the State of Maine; and,

2. Exempt 1COM from the requirements of Chapter 210 of the Commission's Rules, except that it must report the revenue and minutes of use information that is requested by the Commission, on or before April 1 of each year; and,

3. Exempt 1COM from approval requirements of 35-A M.R.S.A. §§ 707 and 708, but 1COM shall provide notice to the Commission of any reorganization, as defined in 35-A M.R.S.A. § 707 (1)(A), that results in a merger, sale or transfer of a controlling interest of 1COM or of any entity that owns more than 50% of 1COM. The notice required by this subsection shall be filed within 10 days following any reorganization described herein, as required by Chapter 280, § 12(B). As required by Chapter 280, § 12(C), 1COM shall also provide notice of any other changes in the name under which it does business (d/b/a), any

change of the location of its business office, and any change of its contact person. 1COM shall provide the Administrative

Director of the Commission with notice of any of the changes described within 30 days following the change. If necessary, 1COM shall amend its rate schedules and terms and conditions to reflect any change in identity; and

4. Order that 1COM's proposed terms and conditions and rate schedules (pages 1-9), attached to this Order, shall be effective on the date of this Order; and,

5. Order that 1COM, or an underlying facilities-based interexchange carrier authorized to provide interexchange service in Maine, shall pay interexchange access charges as required approved access rate schedules filed by local exchange carriers.

1COM shall notify the Commission of any change in its underlying carrier within 30 days following the change. Any underlying carrier used by 1COM shall have the authority to provide intrastate interexchange service in Maine. 1COM shall immediately inform the Commission and all local exchange carriers in the State of Maine from which 1COM will be purchasing access services if there is any change in its operations that will result in its carrying, switching, or any processing of any of its own traffic, at which time 1COM shall begin to pay access charges directly to those local exchange carriers that have approved access charge schedules on file with the Commission ; and

6. Order that 1COM shall comply with all applicable rules of the Commission, including the requirement of Chapter 280 § 10 that interexchange carriers provide notice to all affected customers of an increase to any rate that is greater than 20%.
